

How can you argue about traffic and weather and all the other things xm radio does . You people waste our tax money on this crap.As a person who has xm.I listen only to xm and never listen to fm radio cause it sounds better . The content is what i want to listen to.And it also is commercial free.And if xm gets the shock jocks who i listened to till you all got involved in getting them fired.I will continue to support who i likeand brings me pleasure during my day.Stop wasting time with all the new technology that comes around cause all you want to do is get a piece of the pie.Thank you
